

CARPISA

RECOMMENDATION LETTER

Dear Sir/Madam,

We are delighted to write this recommendation letter for the company "Nor Projects" which is the official supplier of furniture for Carpisa and GO Carpisa stores for already 5 years.

The company is a prominent name in the sphere of furniture production whose goods are exported to former USSR, Middle East and EU countries. The basic characteristics of the company are their upper grade quality, "all- inclusive" service and granted warranty.

We appeared to work together for quite a long time and during our cooperation we have become totally sure and confident about their service and quality. The company arranges its work on a regular basis and everything is done in time and in an excellent way.

We are proud to be a partner of this company and do not hesitate to recommend as we are convinced that they can be really relied on during a cooperation.

Sincerely,

Andrea Galeassi
